

Dear Sponsor,

A partnership program between Ontario Paramedics and the country of Nicaragua has developed.

The goal is to educate and equip 360 Nicaraguans, over a three year period, to staff Medical Clinics in 90 villages that currently require pre-hospital services. As part of the Paramedic Partner Bridge, we are seeking sponsorships toward our integrated training program.

Over the next three years, an Ontario Paramedic Training Team will travel to Nicaragua on a quarterly basis. They will focus on delivering a two part training program to the chosen individuals. MINSA (the Nicaragua Health Department) will identify and send 60 individuals from 15 villages to attend part two of the program in April.

All of the instructors are certified working Ontario Paramedics and are seeking support to aid in the finances associated with this type of mission. As MINSA does not cover the cost of the course for the participants, your donations will assist with the necessary expenses accrued during their week of training as well as alleviate a portion of the travel expenses for the Paramedics.

Please help us reach our financial goal. We are focused on providing an excellent learning experience for these participants and need your donations to make this possible. All sponsorships are tax deductible and a receipt will be provided upon request.

Thank you for taking the time to consider supporting this organization.

Respectfully yours,

**Kevin Corrigan**
